BULLETIN

Just let me get one thing off my chest and then we will swing into our regular G-Man Club business. Remember that Extra I passed on to you last month about the Hangman and those boy buddies, Roy and Dusty, appearing in a book of their own? Well, they just dropped in and asked me to remind you to look 'em up. They'll be in SPECIAL COMICS, with special cases for you, around Christmas time. Don't forget the name, SPECIAL COMICS.

Now, for some answers to some of our writers. Memo to Roosevelt Canady: Your enthusiasm for comic books is a very worthy one. However, I sincerely feel that you should not sacrifice your schooling in its behalf. The best solution would seem to be to give both your undivided attention. As you grow older, you will realize that a good sound education is the ground work for anybody whether he be artist, writer or any other profession.

Memo to Meloon Foreyth: Edward Glinzki has just cooked up a really swell code in response to your idea printed on this page. You two lads really should get together. Eddie's address is 32 Taber Avenue, Brockton, Mass. Keep punching, Eddie.

We are just about at the end of our page so we will call it a day. So long until next month.

Joe Higgins (The Chief)
